

The only aluminum alloy carabiner that can compete with the strength of steel.  
The big cross sections and unique design make it a lightweight but practically indestructible carabiner.  
Keylock closure prevents snagging during use.

**Atlas Lock  
137304**

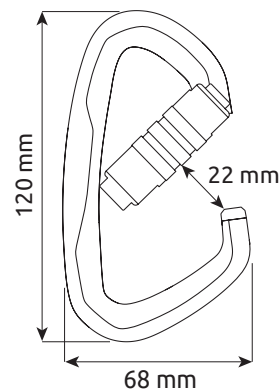

Screw gate locking system.

**Atlas 2Lock  
137404**

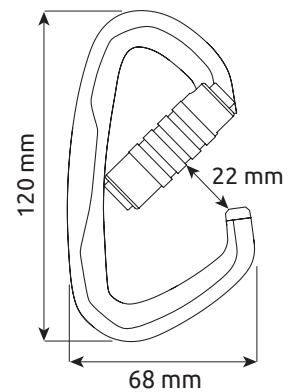

Automatic lock requires two actions to open: twist and pull.

**Atlas 3Lock  
137504**

Automatic lock requires three actions to open: slide, twist and pull.
