

## HARNESSES

# HAMMOCK WIDE

NEW

Seat for prolonged suspension, characterized by an innovative design.

The removable aluminum frame guarantees maximum lightness and reduced dimensions.

The seat is made with a weave of tapes and fits perfectly to the body. This results in incredible ergonomics and a high level of breathability.

When disassembled and stored in its bag, the Hammock takes up very little space.

**New version with revised frame which allows for a wider and more comfortable seat and reduces wear on the suspension straps.**

Warning: it is not a PPE, to be used always in combination with an harness.

Connectors not included.

### Usage activities

ROPE ACCESS

SAILBOATS

TREECLIMBING / ARBORICULTURE
